discussed. An explanation of the process must appear in all meet information. The  
Registrar will send a report detailing registration status to the Head Coach, Meet Director

Topics discussed were protected dates, meet templates and the proposed limitation on suits for 12 and unders.

9. Paralympic Funding
It was moved and seconded to recommend the following to HOD for approval:
NC Swimming will consider funding athletes to non-USA Swimming national qualifying events when the events lead to a USOC-recognized international competition in which participants represent their countries. All other relevant procedures in the Travel Fund will apply in order for a swimmer to be eligible for funding. A final review of a written request shall be considered by the NCS Travel Fund Committee and the NCS Travel Fund Committee has the right to accept or reject the request based on the merit of the event and its relevance to international competition within the Disability agenda.
The swimmer must be USA Swimming registered, NCS LSC registered, competing in meets in the NCS LSC and must have obtained paralympic classification. Funding amount shall be determined by the Travel Fund Committee using the same guidelines for able bodied athletes attending equal level events.
