

North Carolina Swimming Governance Consultant to Clubs

North Carolina Swimming has a team of volunteers and coaches who will assist any of its Club Members with governance issues such as achieving Level 1-4 status as part of USA Swimming's Club Development Program, achieving club goals, writing or editing by-laws or mission statements, establishing budgets, organizing efficient swim meets, registration/membership, participating in NCS Club Recognition Program, coach education, and establishing a Safe Sport Program.

Each volunteer will arrange a visit to your location or attend a meeting with club members or boards. If the volunteer feels additional assistance is needed, he/she will put your club in contact with an individual at the zone or USA Swimming level.

As always, any member of NCS is invited to attend all open board meetings of NCS. Meeting dates are posted on line at ncswim.org.
