 - e) Trial to offer \$500 to any club that becomes CRP (Club Recognition Program) Level 1
 - i) **ACTION ITEM: Bill Martin to work on a flyer to distribute to clubs – COMPLETE**
 - (1) Clubs who have qualified will be recognized on the website

7. New business

a) Request – Paul Silver

- i) That the board authorize Tyler Silver to be fully reimbursed for World Championship Trials and US Open. He did not swim in 2 meets in NC this year prior to WCT as he just finished his freshman year at U of Fla. He did not get back in time to swim the May 6 meet at UNC and went to Purdue later in May for higher competition. With WCT so early there were not many opportunities to compete. He is swimming Sr Champs and I could enter him in Tarheel if needed although I'd rather not since it is 3 days prior to US Open. Tyler has paid into the travel fund for 12 years. I will not vote on this matter if it goes to a board vote for obvious conflict of interest.

(1) MOTION: To approve Tyler Silver along with other swimmers in the same situation as Tyler to be reimbursed for participation in National meets - PASSED

b) HOD Meeting Schedule – Bill Martin

- i) As presented; 50 athletes signed up for the workshop to date

c) New Platform APT Courses – Suzanne Heath

- i) Posted on the website

d) MOTION: To have officials be exempt from the one event per season reimbursement restriction for World Championship Trials – PASSED

- e) TAC would like to increase their entry fees from what was submitted on the meet request bid for the short course season by \$.25/athlete for all their meets to assist in defraying costs for facility and property improvements.

i) MOTION: Approve TAC to raise their entry fees by \$.25/athlete on Intra-squad meets only - PASSED

The LSC needs to do succession planning to ensure we have good leaders on the BOD with a diversity in background/ideals. Leadership and diversity are important to ensure future plans are well thought out and enacted.

In addition, The BOD needs to be more strategic (future looking) in focus instead of operational (current activities). The board can't be completely strategic since the LSC does not have a large staff. Currently the board is almost entirely focused on current activities. More of the work needs to be done at the committee level with action taken by the BOD only when it is required (or a change in policy is required).

To determine leadership, the LSC need to have a multi-stage vetting process:

1. Get new people involved in committees
2. Those that do a good job on committees and enjoy it are made committee chairs.
3. Those that demonstrate leadership as committee chairs are put on the slate for election to the BOD.

Of course to do this, several things in our current structure need to change:

1. The LSCs needs committees that are active (actually meet) and produce output. Example, NCS has a senior, age group and technical planning committees that basically meet twice a year in a group (including all coaches at HOD). Maybe these committees should be combined in an operations committee to create items for review at HOD instead of creating a task force every time a new concept is investigated.
2. For succession planning to work, the LSC needs to reduce the size of the BOD significantly since most committee chairs are currently on the BOD. It will also allow the board to more easily focus on strategic issues as opposed to operational issues.

This is the high level vision of the committee. Of course, there are a large number of details that need to be worked out to implement this plan. The committee would like buy in from the BOD before investing the time required to determine how this is implemented.
